Mobile Phones & Communication Devices

Aim

At Cherry Trees School the welfare and well-being of our pupils is paramount. The aim of the Mobile Phone Policy is to allow users to benefit from modern communication technologies, whilst promoting safe and appropriate practice through establishing clear and robust acceptable mobile user guidelines. This is achieved through balancing protection against potential misuse with the recognition that mobile phones are effective communication tools.

It is recognised that it is the enhanced functions of many mobile phones that cause the most concern, offering distractions and disruption to the working day, and which are most susceptible to misuse - including the taking and distribution of indecent images, exploitation and bullying. However as it is difficult to detect specific usage, this policy refers to ALL mobile communication devices.

Procedures

- To minimise any risks, all personal communication devices must not be used where children are present.
- Procedures are in place to ensure safe and secure storage of practitioners' personal belongings including mobile phones. It is recommended that personal mobile phones are security marked, password protected and insured.
- Visitors, including other professionals, contractors and parents/carers are made aware by signs and verbal reinforcement that they are not to use their mobile phone where children are present.
- Under no circumstances are images, videos or audio recordings to be made without prior explicit written consent by the Designated Safeguarding Officer. This includes video conferencing.
- Personal mobiles may be used in designated areas at break times.
- Staff are advised to provide their work place contact number to their family members, own children's school/setting for use in the event of an emergency.
- Cherry Trees School will not be held responsible for any loss or damage of personal mobile phones.

Cherry Trees School Work Mobile

- At Cherry Trees there is one school mobile. It is a camera phone used to update the school Facebook account. It is clearly labelled as a work mobile phone. This phone is kept by Senior Management as the Emergency Absence line for staff to ring and notify their absence.
- When this is the only source of communication or for use on outings, effective security procedures will be in place to guard against misuse.

- Staff should have their phones on silent or switched off and out of sight (In a drawer or handbag) during class time.
- Mobile phones should not be used in a space where children are present.
- Use of phones should be limited to non-contact time when no children are present, e.g. in office areas, empty classrooms and the staffroom.
- It is advised staff use effective security procedures to protect their phone
- Staff are not permitted to use recording equipment on their mobile phones, for example: to take recordings of children, or sharing images.
- Legitimate recordings should be captured using school equipment such as cameras and iPads.

Students

We recognise that mobile phones are part of everyday life for many children and that they play an important role in helping pupils to feel safe and secure. We also recognise they can prove a distraction within school and can provide a means of bullying or intimidating others. If in the rare event of a parent wishing for his/her child to bring a mobile phone to school to contact the parent after school:

- The phone must be switched off and handed in to the office first thing in the morning.
- Mobile phones found in lesson time and used without permission will be confiscated and returned at the end of the day.
